

THE EVENING

No 41.—Vol. 3

PROVO CITY, UTAH, TUESDAY

UTAH CROWNED

Wins it From Mailed Competition Proudly.

HER'S ARE THE HONORS.

First in Her Splendid and Unapproachable Mineral Exhibit—Silk Grown, Spun and Woven at Home—Her School Wining—Hurrah For Utah.

Secretary McDaniel, of the Utah World's fair commission, yesterday made the following partial report of the awards made to Utah at the World's fair:

The following is a list of medals awarded to Utah at the World's Columbian exposition. It is not official but is compiled from data in the secretary's office which was obtained from the daily reports of the awards as given by the Chicago jurors and memoranda obtained from the jury of awards. About December 1st J. Boyd Thatcher chairman of the executive committee on awards, made a written agreement with the national organization of state officers, which is composed of the representatives of the several states, to supply each and every state representative with a corrected official list of awards on or before January 1. This official list has not been received at this office yet and judging from the condition of things when I visited the office of the award committee in Washington, about the 6th of December, it will be some time before this corrected list will be ready. Mr. Thatcher also agreed to supply the state commissions with a statement giving the report of the judges in full, on each award, which report recites the degree of excellence of the exhibit, and gives the reason for the award.

In some instances diplomas have been awarded with medals, but the list here given does not state where diplomas have been awarded:

MINING DEPARTMENT.
Ontario Mining company, Park City,

EDUCATIONAL DEPARTMENT.

Kate D. Barron Buck, Salt Lake city, silk map of the United States.
Agricultural college, Logan, charts, photos and manual training.
Utah territory, collective educational exhibit.
Salt Lake public schools, primary school work.
Provo city schools, students work.
University of Utah, school work, photos and charts.
Salt Lake public schools, thirty volumes grammar school work.
Salt Lake public schools, ninety volumes high school and class work.
Salt Lake county and Salt Lake city, kindergarten work.

AGRICULTURAL.

David Coyner, Nephi, oats.
John Carlisle, Mill Creek, oats.
Edward Ogden, David, oats.
James Jensen, Cache, oats.
Agricultural college, Logan, wheat, oats, barley and rye.
(Utah barley best in the world.)
J. C. Lemon, Terrace, alfalfa seed.
Utah Sugar company, Lehi, beet sugar.
Utah territory potatoes.
Joseph Salisbury, Millville, carrots.
Charles Crane, Kanosh, wool.
Rowe, Morris & Summerhays wool flag.
Utah territory, farm photographs.
Utah territory, irrigation map.
The above list is for the mines and mining, agricultural and educational departments. Awards were also made in the transportation department and in the women's department. Two awards were made in the transportation and quite a number in the women's department.
The Utah silk exhibit was by far the finest domestic display of silk made from any state or territory. I have no list of the awards made in this department. The awards will be included in the official report when it is received. I may remark, however, that the Utah ladies have no reason to complain; women's work from Utah received as cordial and substantial recognition as that from any other state or country.

In regard to the medals I may say that in due course of time the commission will receive notice when they will be ready and the public will be promptly notified.

It should be born in mind that the above list is not official, when the official list is received the exhibitors will be officially notified from this office.

THE CITY COUNCIL.

The Last Session of the Late Democratic Council—A Business Meeting.

Saturday evening our city council held its last meeting and a vast amount of business was transacted and the table comparatively cleared for the incoming council. The most important thing transacted was the arrangement entered into with Rhodes Brothers by which the latter agree to keep the wooden water pipe in repair for two years to come; to pay all damages which may arise from the pipe line, and the present judgments standing against the city occasioned by the imperfections of the line. They will give a \$5,000 bond for the faithful performance of their obligations. The city will disburse the suit now pending against the company.

Liquor licenses were granted Knight Brothers and Henry Harrison.

Reports were made by the supervisor of streets, the police justice, the collector of water rates and were accepted. Farrer reported on the revision of the city ordinances, that the work was virtually completed, and had been accepted by the commissioners and recommended that \$80.00 extra be paid the "Engineer" for additional work in printing the same. The report was adopted.

On streets and alleys McCullough recommended on the petition of Alonzo Pierce that the diagonal road between Fourth and Sixth streets commencing on the block east of "P" and Fourth street and intersecting "P" near Sixth street, be closed and given in exchange for land to open a road on Fifth street from "P" up to a two rod lane, also land to open up Third street from the A. N. Billings estate, east side, through his land to the county road on the east side. This has the effect of squaring the blocks in that locality. The report was adopted, same committee advised the selling of a small piece of land between Fifth and Sixth street to Geo. A. Moore for \$40.00.

Committee on waterworks reported that the deeds for right of way for water pipe lands had been presented to the parties but they refused to execute same, and they advised action to specific performance of their contract, report adopted. Reports from the committee on finance, public grounds and stray pound were accepted. Claims for salaries for the present incumbents were allowed up to December 31st 1893. Farrer presented a bill repealing clause in section 97, which simply strikes out the figures \$60.00 from the

The official list may change some of the above awards.

E. A. McDANIEL, Salt Lake city, Dec. 30, 1893.
The fifth and last car of Utah exhibit is still out on the road and the local officials are of the opinion that it is side-tracked somewhere.

HOOD'S GUARANTEES
a cure. What it has done for others it will do for you. Be sure to get Hood's Sarsaparilla.

It is a noticeable fact that the parties given by Christensen & Coleman are the most enjoyable and strictly elite of any for many years. The very best elements of our society are to be seen at all their social affairs.

OLSON'S band discoursed sweet music in front of THE DISPATCH sanctum at 2 p. m. yesterday. The music proved a rich treat for the tired workers therein. Thanks, gentlemen, and may the band have many more opportunities to do like graceful things on future glad New Years days.

During the past half-century—since the discovery of Ayer's Sarsaparilla—the average limit of human life in civilized countries, has been considerably lengthened. Ayer's Sarsaparilla is everywhere considered the standard blood-purifier, the Superior Medicine.

salary of assessor and collector of water rates as he is paid for this work by being superintendent. It passed. This virtually concluded the labor of the best city council Provo city has ever had, and at the last meeting all the members were present but Simmons.

At the residence of the bride's parents in this city, at five o'clock last evening, Dr. Walter R. Pike was married to Miss Hannah T. Clark. No cards. An elegant supper was served at six o'clock to the members of the family and to the few friends who were present. The bride was attired in a beautiful cream satin dress, and a profusion of white ribbons. Judge Douglas officiated. There were present Mr. and Mrs. Clark, the bride's parents; Mr. and Mrs. John W. Pike, Mr. and Mrs. George Clark, Miss Florence Pike, Mr. Bert Thurman, Miss John and Miss Hill. To the Dr. and Mrs. Pike THE DISPATCH extends their hearty congratulations and best wishes for their unbounded happiness on their matrimonial voyage.

To the Public.
The undersigned have this day sold their entire drug, paint, and oil business, known as the Excelsior Pharmacy to Nathan Sears of the Sears glass and paint company of Salt Lake city. All accounts and notes due or to become due to the firm of Pyne & Maiben are payable to Mr. Sears and he will assume all obligations of the firm. We take pleasure in commending him to the good will and patronage of the public, and trust that he will receive such support in the future as we have done in the past.

Pyne & Maiben.
Having purchased the business of Pyne & Maiben as above stated I hold myself in readiness to serve all patrons of the old firm and all new ones that may come with the best of everything in my line. The name of the business will continue as the Excelsior Pharmacy and Mr. Pyne will be retained as local manager.

NATHAN SEARS.
PROVO, Dec. 30, 1893.

JUDGE A. G. NORRELL of Salt Lake city spent yesterday in our midst. In a conversation with a DISPATCH reporter, he expressed himself as feeling confident that democracy in our capital was all-right and that Wm. C. Hall would be the choice of the people on Thursday next. Judge Norrell is a warhorse in the camp of democracy. He is always fighting for her triumph. Don't forget him.

Sax's First District court jury and witness scrip through your banker on Havercamp & Co., Provo, and receive 91 cents on the dollar.

SUMMONS.

In the justice's court of Lehi city, Utah county, Territory of Utah. Before A. M. Davis, justice of the peace. Lehi City, plaintiff, vs. John Doe, defendant.

To John Doe, whose name is otherwise unknown, defendant. You are hereby requested to appear before this court, on the 31st day of January, A. D. 1894 at 2 o'clock p. m. of said day to answer a complaint filed against you, wherein said plaintiff claims the sum of one dollar and fifty cents damages alleged to be owing and due from you to plaintiff for damages done by the following described animals to-wit:

One brown horse three or four years old, crippled in front feet, no brands visible.

One red and white cow about seven or eight years old, has been branded on left shoulder, has the tip of horns saved off.

One dark blue mare about eight or nine years old, small star in forehead, branded 7 on left shoulder.

And you are hereby notified that if you fail to appear and answer said complaint at the time and place afore said, judgment will be taken against you for \$1.50, the amount of said damages, the cost of keeping said animals and the costs of this suit.

A. M. DAVIS,
Justice of the Peace,
Dated this 29th day of Dec., 1893.

YESTERDAY Mr. and Mrs. J. D. Jones gave a dinner to a genial party of their Springfield friends. In the evening they all attended the party at Christensen's academy and had a most enjoyable time. The following are the personnel of the party: Mrs. H. M. Douglass, Mr. and Mrs. E. J. Yard, Mr. and Mrs. McDougall, Miss Kittie Douglass, Mr. Gideon Wood, Jr., and Mr. John Douglass.

The ball given last evening at Christensen's dancing academy was a joyous affair. There were present about seventy-five couples, and until about 2 o'clock the "giddy whirl" was kept up. It was rather too crowded to be comfortable dancing, but the good feeling that was everywhere manifest, was more than sufficient to counteract the effects of the large crowd. If space would permit, THE DISPATCH would be only too glad to make personal mention all of the happy throng, as it is this much must suffice; the ladies were all beautifully, and many of them richly attired; and to the strains of sweet music, a wealth of feminine beauty kept time, while manly strength and vigor rushed madly on, with fascinating admiration and when the last strains died away all were loath to say good bye to New Years day festivities.

For the first time in the history of the Grand Lodge of Utah its next annual communication will be held outside of Salt Lake city. The last Grand Lodge resolved to hold the twenty-third annual meeting at the city of Provo, on the third Tuesday in January, 1894, it being the 16th day of the month. If all the lodges may be represented, over fifty Masons may be expected in the Garden City. The meeting will be opened in the Old Fellows' hall and be presided over by the Most Worshipful Albion Bernard Emery, grand master of Masons in Utah. The following are the other elected grand officers: Arvis Scott Chapman, deputy grand master; Robert Lee Scannell, senior grand warder; Alvin Charles Emerson, junior grand warder; John Shaw Scott, grand treasurer; Christopher Diehl, grand secretary.
